About the University

We are located on the beautiful California State University, Chico campus in northern California. Established in 1887, California State University, Chico is consistently ranked among the top regional public universities in the United States. You will find the campus and the college town of Chico to be a perfect place to learn English, experience an American University, meet new friends, and be a successful student.

About ALCI Chico

Intensive English Language Program

Our mission is to provide you the high quality English language instruction and supportive counseling and services you need to accomplish your educational goals.

ALCI Chico curriculum includes specialized core courses (speaking, listening, reading, writing, and grammar) and a choice of electives such as pronunciation, American idioms, cross-cultural awareness, business English, survival English, and academic preparation.

We offer five, seven-week sessions of intensive English instruction per year to students of all proficiency levels. You will attend classes for 20-25 hours each week, providing plenty of time for study, homework and participation in campus, academic, and social activities. Many of our students attend ALCI Chico for several months, participating in consecutive sessions.

The ALCI faculty helped me improve my academic writing and prepared me to take a University course in international relations. In addition to improving my study skills, I enjoyed making a lot of new friends and playing volleyball. It is fun when everyone gets together for an activity on campus.
