- 3) You'll be taken to your personal Smart Page, which gives information about your remediation status, allows you to select the school where you plan to complete Early Start, and tells whether you are eligible for an Early Start fee waiver.
- 4) Use the drop down menus in both the English and Math sections to select your campus and then click the green "Confirm Early Start Selection(s)" button at the bottom of the page. After selecting your campus(es), please wait 1-2 business days before you can expect to receive instructions from your Early Start campus on how to register for classes.
