

November 21, 2014 On the CSU, Chico Campus

Learning Objectives:

- ▶ Describe how institutional bias can have an impact on professionals working with victims/survivors in the field of intimate partner violence prevention
- ▶ Explain how to recognize and address biases so as to approach violence prevention work with patients and clients more mindfully
- ▶ Identify the problematic role bias plays in limiting access to service
- ▶ Describe significant changes in the legal policy with respect to domestic violence and family law
- ▶ Understand the impact of legal changes on their work on cases involving domestic violence
- ▶ Increase understanding of terminology around LGBTQ+ identities
- ▶ Increase capacity to provide appropriate support for LGBTQ+ communities
- ▶ Develop awareness of barriers for individuals who identify as LGBTQ+ to accessing services for Intimate Partner Violence
- ▶ Provide assistance to all parties in the preparation of documents involved in guardianships and in initiating and responding to injunctions prohibiting harassment (civil harassment)
- ▶ Explain what services The SHARP Program provides in the family law area that are not offered by the Family Law Facilitator's Office
