

OPEN UNIVERSITY REGISTRATION IN FALL 2012 ONLINE CLASSES

Below is a list of fall 2012 online classes that are available for enrollment to Open University students. If you wish to enroll in any of these classes, send an email request to Nancy Park, nepark@csuchico.edu. In your request, please include the following information:

- Your name
- Classes requested
- Whether or not you have ever taken a class at CSU, Chico (if so and if you know it, please include your CSU, Chico Student ID number)
- Phone number
- Email address
- Whether you currently are academically disqualified from CSU, Chico

Registration is on a first-come, first-served basis until a class is full. After your request is received, you will be called (and sent an email if we don't reach you right away by phone) and told if there is still space remaining in the classe(s) you requested. The Open University fee is \$280 per unit and is due at the time of enrollment. Payment may be made over the phone with a VISA or MasterCard (debit or credit). You may also mail a check or money order, but we cannot enroll you until the payment arrives, by which time your classe(s) may be full.

The list below includes only Section 72 online courses. Because these are offered in conjunction with Continuing Education programs; the Continuing Education staff has already checked with all Section 72 instructors to see if they wish to accept Open University enrollments. Some academic departments may offer additional sections of these courses, or other courses, online. To find these non-Section 72 online classes, please go to the main CSU, Chico website at <http://www.csuchico.edu/schedule/> and click on "Class Schedule" under "Fall 2012." To enroll in non-Section 72 online classes, you will need to request the instructor's permission via email and then forward the instructor's emailed permission with your information to nepark@csuchico.edu.

Course	Course Title	Instructor
