

Osher Lifelong Learning Institute

at CSU, Chico

Summer Term 2017: June 1-30

Get ready for more than 30 unique classes, camps and field trips this summer! Full class details and the complete Summer 2017 Class Schedule will be available the first week of May.

Social Security: Overview and Changes

Social Security can be very confusing and worrismatic, but this class will help to ease your worries. The class will feature a guest speaker from the Chico Social Security Administration to provide an overview of Social Security. Topics that will be covered include: how to apply for benefits and how they are determined, how your age affects your benefit amount, spouse and child benefits, supplemental security income. The speaker will also cover recent changes to Social Security.

The Secret Life of Your Grandchildren

Wired for sound and viewed through hidden cameras, a group of four-year-olds are observed at a nursery school in Britain. Experience the interplay between children without the presence of adults. How does the spoiled only-child react when she's just one among equals? What happens when one child tries to dominate the others? Is there a code of conduct enforced by peer pressure? And what happens when a group of 4-year-olds is left alone with a cake and told not to touch it? How long does it take for the first bit of frosting to mysteriously disappear?

Sierra Trees

Do you want to learn more about the historic places and wonderful trees in our area? This is a one-day field trip class with renowned local tree expert, Wes Dempsey, where you will get the chance to explore native plants along Highway 32. Stops are made at Jonesville Inn and Pacific Lumber tree farms just to name a few. For a chance to get out and explore this summer, take a trip to the hills with Wes.

OLLI Summer Intersession Series Featuring Dr. Joni Samples & Gayle Womack

BRAIN STATES: HOW TO IMPACT YOUR BRAIN! August 2, 9, 23 & 30

Get out of the heat in this four-session series by Dr. Joni Samples and Gayle Womack that looks at how your brain works, where the state of your brain is at this moment, what you think about, and, if what you're thinking isn't quite working for you, how to change the way you think. Transform your thinking by integrating left brain understanding and right brain meditation in this delightful and fun summer opportunity. \$10 per session or \$35 for the series. For more information and to register, visit olli.csuchico.edu or call 530-898-6679.
