Dates, Deadlines & Information

- Registration opens April 1.
- Fees are due at the time of registration. Confirmation of financial aid award is required to defer fee payment.
- The priority deadline for Summer Financial Aid is April 24. Enrollments after the deadline may still be considered, but fees must be paid out of pocket to avoid being dropped from classes for non-payment. Reimbursement will be made later if aid is awarded.
- The last day to register and pay fees via the Chico State Portal is May 8.
- Beginning May 9, all add and drop requests must be made directly to Continuing Education and additional signatures may be required.
- Students who have applied for or been awarded financial aid must also complete a Summer Change of Enrollment form available from the financial aid office or website for any adds or drops beginning May 9.
- A \$10 late fee will apply to any add occurring after the 1st day of class.

Refunds

- You must drop on or before the 1st day of class to be eligible for a full refund less a \$15 processing fee.
- Drops on the 2nd and 3rd day of class are eligible for 65% refund upon submission of completed drop form with proper signature(s) less a \$5 processing fee.
- Drops after the 3rd day of class are not eligible for refund. Proper signatures must still be submitted in order to withdraw.

Swapping

- Students may "swap" classes by dropping one class and adding another through the third day of each session without a financial penalty.
- Student will need to complete the Add/Drop Form with appropriate signatures as outlined in the add/drop information.

Required signatures for late adds and drops:
