## Summer Term 2018: June 1–30

Get ready for more than 30 unique classes, shows, and field trips this summer! Full class details and the complete Summer 2018 Class Schedule will be available online in mid-March.

### OLLI Campers: Lakes Basin

For the second summer in a row, OLLI leaders are calling on members to join them for a journey to Lakes Basin Group Campground near Sierra City. The Lakes Basin Recreation Area

includes breathtaking scenery and more than 20 natural glacial lakes, most of which are accessible by well-maintained hiking trails. This area is also good for fishing, swimming, kayaking, birding, and photography. Optional hike to the fire lookout on the top of Sierra Buttes' craggy peaks. Lots of easy waterfall hikes, too. Tent camping; small camper vans, and small cab-over campers okay.

### OLLI Theater Club

Chico has an active local theater scene. Here's your chance to see it for yourself! Four shows, four weeks—three plays and a movie! Join us for a pre-show dinner followed by a show. Whenever possible, someone from the production—director, actor, or designer—will join us at dinner to give us insight into the play we're about to see. Come enjoy local talent and socialize with fellow theater lovers.

### Wisdom through Dreams, Day Dreams & Meditation

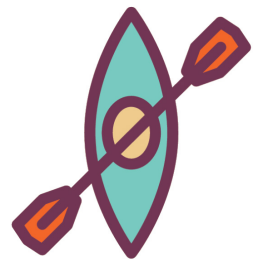

Einstein said "imagination is more important than knowledge." In this class we'll talk about accessing your intuition through meditation, and we'll look at ways to enrich the awareness of everyday life by allowing your imagination to bloom.

### Coffee Shop Cribbage

Come play some cards and have some lunch with other OLLI cribbage players. We will meet together at Kalico Kitchen to socialize, play, and have some food. Bring your own board or use one of ours. The only requirement is that you know how to play the game. Beginners welcome if you have the basic rules down.

### Kayaking

Start your summer right—in a kayak! What could be more fun than paddling together on a hot summer day? This class will meet at the Forebay Aquatic Center, where basic safety and instructions will be included. Boat rental, paddle, and life vests will be available at a discounted rate for OLLI members.

*plus some old and soon-to-be OLLI favorites!*

- CREATE YOUR OWN CARTOON CHARACTERS
- TUESDAY TUNES
- MOVIES AT THE PAGEANT
- ACRYLIC PAINTING
- CRACKER BARREL
- JAM MAKING
- WATERCOLOR FOR BEGINNERS & MORE!

## Become a Summer Member Today!

Summer membership is \$60, unless already purchased as part of a membership bundle. Visit [olli.csuchico.edu](http://olli.csuchico.edu) to join OLLI, to register, or for more information. Class registration opens May 17 & classes begin June 1.

## Summer Term 2018: June 1–30

Get ready for more than 30 unique classes, shows, and field trips this summer! Full class details and the complete Summer 2018 Class Schedule will be available online in mid-March.

### Medieval Meandering, English Style

Join us as we walk, trot, jostle, row, and sail around, to and from England. Conquests, crusades, and pilgrimage were only a few of the reasons for travel in the Middle Ages. Whether seeking divorce in Rome, importing Rhenish wine, expanding wool trade, crusading in the Baltic area, or just being tourists, medieval people (women too) traveled more than we often think. We'll encounter a few characters from last summer's Medieval Mayhem – with no dates to memorize, just interesting accounts of life on the road.

### Big Chico Creek Ecological Reserve

Education Coordinator Jon Aull is offering a four-part series on Chico's little known gem of a natural area—the 3,950 acre Big Chico Creek Ecological Reserve. This protected land is open to the public, with many special opportunities to observe wildlife—even help with the banding, tagging, and identification of birds, butterflies, and other species. Vehicle access is limited, so this is a rare chance to be shuttled 1000 ft. down into the Canyon to view the Chico formation, an ancient seabed studded with fossils. There will be an option for hiking for those who want to stretch their legs.

### Fundamentals of Drawing (Introductory with Pencil)

Paper is a two-dimensional surface. Every line you draw on it is in the exact same plane as the paper. In order to create the appearance of three dimensions, you need to create an illusion. In this course you will learn how to apply proven fundamentals to create that illusion. No experience required!

### Art Lecture & Bus Trip~ Truth and Beauty: The Pre-Raphaelites and the Old Masters

Our summer arts trip to the Legion of Honor in San Francisco features the exhibit "Truth and Beauty: The Pre-Raphaelites and the Old Masters." A pre-trip lecture by artist Dolores Mitchell, who has taught 19th Century European art and published research on it, will be held June 27 and will provide an introduction to the art and artists in preparation for the June 30 bus trip.

This exhibit includes Pre-Raphaelite paintings and Old Master sources of inspiration such as by Fra Angelico and Botticelli. As they aged, the Pre-Raphaelites painted increasingly lush, intricate works with dark psychological undertones. Using wives and mistresses as models, they created archetypal images of women as either redeemers or as femme fatales. Visit [olli.csuchico.edu](http://olli.csuchico.edu) for more information or to sign up **BY THE MAY 30 DEADLINE!**
