August 8, 15 & 29 | 4:30 p.m. – 6 p.m. | Chico New Thought Center, 14 Hillary Lane, Chico

It is our theory that life should be lived by design, not by default. It is about having the time and energy to take care of yourself, your environment, your friends and family and having the financial well-being to do so. Learn about the five pillars to a successful life: Mental, Physical, Spiritual, Social and Financial Health. Our passion is educating and empowering those around us to lead financially healthy lives and enrich them with the tools needed to be successful. $10/day or $25 / 3 lectures.
