Reggio Emilia, Italy: International Adapted Physical Education

Travel Dates: June 3–July 1*
Earn 3 Units!

This program allows students to participate and engage in an adapted physical education camp, including adventures with hiking, swimming, kayaking, rock climbing and much more! Work hands on with teens and young adults with physical and developmental disabilities in the context of a different country. Focus is on promoting physical activity and sport to individuals with disabilities. Students will plan and implement a variety of physical activity lessons for students from a different country. A “universal design” to instruction will be implemented to insure students of all abilities and languages will be included.

Coursework

KINE 598: Internship in Kinesiology (3 units)

* In addition to on-site work in Reggio Emilia, there will also be online and face-to-face meetings prior to travel.

Chico State Faculty

Carli Ross, Lecturer in the Kinesiology Department, California State University, Chico
cbross@csuchico.edu
