

International Nurse Remediation Program

The **International Nurse Remediation Program** from the California State University, Chico School of Nursing provides concurrent theory and clinical courses for nurses who have been educated outside of the United States and who must remediate deficiencies in their education as determined by the State of California Board of Registered Nursing (BRN) in order to take the National Council Licensure Examination (NCLEX) and receive their nursing license.

Summer 2022: Jun 1–Aug 16

All program courses have been approved by the California Board of Registered Nursing (BRN) and, when taken concurrently, satisfy the BRN's maternal requirements for internationally-trained nurses to take the state licensing exam.

Obstetrics Program

NURS 317: Maternal Nursing Theory Course
~ Online

NURS 318: Maternal Nursing Practicum
~ On-site clinicals, 2–3 days/week for 3 weeks

Medical-Surgical Program

NURS 403: Integrative Nursing Theory
~ Online

NURS 404: Integrative Nursing Practicum
~ On-site clinicals, 2–3 days/week for 3 weeks

Eligibility:

Applicants must have finished nursing school in the last 5 years or worked as a nurse in the last 10 years.

Applicants must submit a letter from the Board of Registered Nursing indicating the course(s) needed.

How to Apply:

Application details and a list of additional requirements can be found on the program website.

More Information:

Visit the Regional & Continuing Education website.

2019 obstetrics program participants care for their “patients” during their skills lab training at Chico State.

- Medical-Surgical Program Fees: \$5,440*

* Additional fees apply, including application and interview fees, text books, supplies, and clinical requirements. Dates and fees are subject to change.

“Together with my peers and instructors, I was able to strive and succeed in completing my OB course. I gained knowledge while having fun along the way. It was short but this class will always be memorable to me.”

Marjorie Castillo
